Re: WC Docket, No 10-90

Ms. Dortch,

High-speed Internet holds the ability to unlock so much potential for our part of Michigan. We are looking forward to having Baraga Telephone invest in improved broadband for our area.

I understand there are competing sets of data filed by Baraga Telephone and that the conflict between them threatens Baraga Telephone's eligibility for the new broadband funding mechanism.

Baraga Telephone has requested the FCC set aside filings made last year that inadvertently included the wrong census blocks. I support that request.

Sincerely,

LeAnn LeClaire, Manager
Village of Baraga
